Auction Sale To Day.
J. P. DAVIES & CO., Wharf Street, Will sell at Auction, at 11 a.m. Clothing, Furnishing goods, Trunks, Hats and Caps, Dry Goods, Etc.

Washington Territory.

General W. W. Miller has been nominated for Mayor of Olympia.

Olympia papers advocate a wharf from that town to deep water. It would be about a mile long.

The Seattle Coal Company employs 140 men, at a cost of \$1,500 a month. They take out 150 tons a day.

In the Washington Territory Insane Asylum at Shelton there are now 27 male and 7 female patients.

Dr. Alfred E. Walker, formerly of Olympia, committed suicide at New Haven, Ct., on the 4th March, by shooting himself with a pistol, fired through the neck and again through the heart. He is supposed to have been insane.

Puget Sound papers state that a \$10,000 mail contract between Port Townsend and San Juan via Whatcom has been given to Mr. S. Garfield. His agent Mr. Chas. W. Bradshaw, of Port Townsend, is endeavoring to find a steamer to carry the mails, the carriage beginning on April 1st.

It is stated that unless there should be detections of an unlooked for nature, the woolen factory at Clayton, near Walla Walla, will be in running order by June next, in the for this season's clip. Operations for the first year will be principally confined to the manufacture of flannels and blankets, and cloths sufficient for home consumption only.

Coming out of Victoria harbor at three o'clock last Saturday morning, the Steamer North Pacific ran into a boat that was attached to a wooden buoy in mid-channel, left there by the dredger. The chain by which the buoy was anchored was snapped, and the steamer picked it up; as also the boat, bringing both to Olympia on her last trip, and taking them back to Victoria yesterday.

The Olympia talk of hiring the Victoria harbor dredger to dig out the harbor of Olympia.

THE SOUND MAIL.—The difficulty and irregularity with regard to the matter of the Puget Sound mail service has been, we learn, adjusted by the proper authorities, and the North Pacific will as formerly carry our mails twice a week. This is satisfactory intelligence. The Puget Sound Courier says: "The long delayed question as to the transportation of the mails from this place to Victoria and intermediate ports, seems to have finally been definitely settled by the Postal authorities at Washington. Postmaster Burs has just received telegraphic information that a contract has been made with Messrs. Star Bros., to carry the mails from here to Seattle three times per week, and two of the trips extending through to Victoria. The schedule time for leaving here is to be seven o'clock in the evening of Sundays, Wednesdays and Fridays. This arrangement will enable the citizens of the lower Sound to have regular mail communication with the rest of the world, and we hope will, ere long, allow the trade and business of this place to be freed of the anxious seekers for tardy mail matter."

SEVERAL ACCIDENTS.—We reported yesterday that the steamer Grappler, which left here on Tuesday last with the ship El Dorado in tow, had been met making for Burrard Inlet, but not in company with the latter. Yesterday we received information which will explain the reason for the same. It appears that whilst towing the El Dorado the hawser from the Grappler parted, and flying back with fearful velocity, broke the legs of two men on the ship and wounded a third so seriously that fears are entertained for his recovery. After the accident the El Dorado steered for Port Townsend, and reaching that place in safety, she was towed by the tug Goliath to Burrard Inlet. The injured men were left under medical care at Port Townsend. The accident occurred off Trial Island on Tuesday last.

A "FAIR SITUATION."—We were unable to give space in yesterday's issue to reply to a reference of the member for Nanaimo (for that matter Nanaimo would be better without Mr. Robson's services), that he had never sought a situation from the Federal or Provincial Governments. Mr. Robson was the first person to mention that he would sell himself and his organs to them. But he and his organs got "solid" all round, as they deserved for their double dealing.

THE DOMINION FINANCIALS.—Our exchanges received yesterday gives details of the financial position of the Dominion. The Public Accounts give gratifying proof of the healthy state of the public finances. The Consolidated Fund shows an increase over the receipts of the previous year of \$1,379,253, and over those of 1867 of \$1,026,885. The increase of expenditure upon the several items chargeable to the Consolidated Fund has not kept pace with the increase of receipts. They were, in 1867, \$13,486,092, and last year \$17,589,468. The receipts of last year having been \$20,714,813, there was, consequently, an excess of receipts over expenditure of \$2,125,350.

MR. NELSON IN PARLIAMENT.—In the House of Commons, Ottawa, on the 14th, Hon. Mr. Mitchell moved that the House go into Committee to consider a resolution declaring it expedient to amend the Acts relating to the Port Warden at Quebec and Montreal. The House went into Committee. In the course of debate, Mr. Nelson asked whether the bill was intended to extend to all parts of the Dominion? Hon. Mr. Mitchell said it was intended to make the bill general. The resolution was then adopted, the Committee rose and reported, and the bill founded on the resolution was introduced and read a first time.

THE GREAT CALIFORNIA DIAMOND CASE has been settled by compromise; the following telegram gives particulars of it: "Louisville, Ky., March 24.—The suit, William M. Lept vs. Philip Arnold and Robert Slack, for \$250,000, was dismissed to-day in the United States Court, by consent of the parties. The suit grew out of the notorious California diamond swindle. The dismissal was the result of a compromise, Arnold paying Lept \$150,000 cash, each party paying their own costs. The money was paid General John M. Harlan, Lept's attorney, to-day, in greenbacks."

THE DEFEAT OF THE OTTAWA GOVERNMENT is announced in telegraphic dispatches taken from a San Francisco paper received yesterday. We surmise the report is the emanation of the Opposition, because our colleagues had from Mr. DeCosmos, dated the 28th March, four days later than those above referred to, and elsewhere in this issue published, made no mention of the circumstance.

LICENSING.—The attention of parties not having yet paid their Trade or Liquor licenses, is called to the Municipal notice which appears in our advertising columns. Under the new Revenue By-law the city authorities are placed in a position to gain redress by issuing summonses against tardy customers.

Lines on Slander.

BY THOMAS HART.

If ever eyes the richest blue, adorn a maiden cheek,
If ever love—that sacred shrine—her heaving bosom seek,
If innocence in all its charms sheds lustrous light around—
Yet some will dare to stain her name—tread virtue to the ground.

If poverty sheds its gloom upon her future life,
If fortune battles with the foe and loses in the strife,
If heart as pure and spotless reigns, as illy in the vale,
Yet some will dare to breathe a stain—when open talk may fail.

Think not that woman's heart is black, but constant she'll remain,
She'll be through life a guiding star in poverty or gain;
All know 'tis true (though from the pen of one still in his teens)
That some will dare to blast her name—when limited her means.

Be wise and never trifle with the heart she gives to thee,
For life a guiding star to you, in gain or poverty;
And if you crave her loving hand and gaze her willing hand,
She is to you a precious gem—the fairest in the land.

FROM THE SOUND.—The steamer North Pacific arrived here in due course at 3 o'clock yesterday afternoon, bringing across mails, passengers and freight. The following are the names of the arrivals:—Cockran and wife, Felt, S. Cameron, Gray, Affleck, Higgins, McKenzie, Hubbard, Daley, Wilkinson, Kelly, Brady, S. Orr, L. Orr, Benjamin, Miller, Allen, 3 Chinamen and 6 Indians.

THE DIETRY MYSTERY PROSECUTED SUICIDE. Superintendent of Police Sullivan, has since his return from New Westminster, handed to the Attorney General a report upon a dietary investigation and from the evidence he had been able to obtain, comes to the conclusion that the act was one of suicide.

PERSONAL.—This week, says the Kalama Beacon, we notice in our streets, Capt. I. W. Smith, late chief engineer of the locks and dam at Oregon City; he has gone to Victoria with a purpose to enter into the service of the Canadian Pacific, if terms are satisfactory.

PORTLAND STRAINERS.—The California left Portland for the Sound, Victoria and Nanaimo on Wednesday last. The Gussie Telfair was also to sail for the Sound and Victoria at same date. Both vessels have full cargoes. The latter will undergo repair at Leing's yard.

THE FUNERAL OF THE LATE WILLIAM POTTINGER will take place from Langley street, at half-past 2 p.m. to-day, and from Christ Church at 3 p.m. Friends are invited to attend.

A SUCCESSION TO THE LATE BISHOP DEMERS.—It is stated that news has been received of the appointment of Father Seghers to the vacancy occasioned by the decease a few days since of the Right Reverend Bishop Demers.

POLICE COURT.—George Bright on remand from the 7th ult., charged with supplying intoxicating liquor to Indians, was discharged yesterday.

The Rose broke her shaft recently in the Gulf of Georgia, but was not ashore and injured, as before reported, in Rellingham Bay.

Our Canadian exchanges contain long accounts of the celebration of St. Patrick's Day throughout the Dominion.

The mails per steamer Enterprise this morning close at 8:30 o'clock.

The Prince Alfred arrived down on the 31st ult.

Hewes & Co. received late papers yesterday.

Our Representation in the Dominion Parliament.

EDITOR STANDARD:—Ever since the admission of British Columbia into the Dominion of Canada, the leaders of the "Grit" party, the Dominion; and the cry from one end of Canada to the other has been, that we were not entitled to even one member in the House of Commons. As figures are said not to lie, I trust these given below will have the effect, in some measure, of putting a stop to the misrepresentation and political capital, endeavored to be made out of the Terms of Union between this Province and the Dominion. From a statement lately published, and which was copied into Saturday's Standard, showing the imports and Revenue derived therefrom for the year ending 30th June, 1872, we find that the imports of dutiable goods imported into all portions of the Dominion, other than British Columbia, were as follows:

Dutiable goods.....\$66,778,650
Duties received on the same.....12,673,818
British Columbia imports of dutiable goods.....1,767,068
Duties received on the same.....342,400
It will thus be seen that the payment by all the other portions of the Dominion of the sum of \$12,673,818 into the general revenue, entitles them to send one hundred and ninety-four members to Parliament; the question then arises how many would British Columbia be entitled to by the payment of \$342,400, entitled to send? I find by this simple process that we are entitled to a representation of five members, and one quarter of the sixth; or to put it in figures, 5.24-100. This in the face of the depression in our commerce ever since we entered the Dominion, may be taken as a very fair index, that in the future, we will not be the burden to the general Government, that the Grits claim. When it is taken into consideration, our extent, geographical position, and vast undeveloped resources, the giving up of our independence, in order to the formation of a great country, I don't think our friends on the other side of the mountains have any reason to think that we have got any more in this union than we had a just right to expect. From the figures above given, taken in a money point of view, 5.24-100 and members, and to cut up down to five, would be manifestly unjust. I therefore hope that the outcry raised in the East, against us and our Terms of Union, will be allowed to drop.

GOVERNMENT STREET. April 3rd, 1873.

EDITOR STANDARD:—In this morning's report of Wednesday evening's proceedings, it is stated that an application was received from me for the appointment of City Surveyor. Please state from me that I made no such application, and oblige

EDWARD MALLANDAIN.

CARPETS.—A splendid assortment of Brussels, Tapestry, Wilton, Kidderminster and other Carpets, from the celebrated manufacturers, Crossley & Co. and Tagging & Co. Also, Regs, Door Mats, Persian Damasks, Crescences and other house furnishing goods, have just been received by Turner, Boston & Tinsell, London House.

Dominion Mail.

[DATES TO MARCH 1873.]

We notice by our exchanges that Hon. Mr. DeCosmos was amongst those who had received invitations to dinner at the residence of the Governor-General during the week ending last March. Mr. DeCosmos was the only member from this Province who was present, out of a lengthy list which is before us.

OTTAWA, March 17.—Mr. Morton, who opposed the Hon. A. N. Richards in South Leeds at the last election, has arrived in town with a petition against the return of the latter.

BELLVILLE, March 17.—This evening Prof. Macoun delivered a lecture on the Red River country, under the auspices of the Irish Protestant Benevolent Society. Mr. Macoun gave a glowing description of his trip across the continent to British Columbia last fall, which was full of valuable information.

KINGSTON, March 15.—Instructions were received a few days ago from the Opposition leader in Ottawa by certain prominent Grits here to have a petition made out against the return of Sir John Macdonald, in order to prevent his acting as a member of committees. Considerable excitement has been created by the news here, and the action is condemned by many of the Grits, and honorable men. The Grits principles are here as everywhere else, "The end justifies the means."

In the Senate, March 17th, Hon. Mr. Miller inquired whether the Government of Canada had received any instructions from the Colonial Office relative to the honorary titles of the Lieut.-Governors of the several Provinces of the Dominion since the Duke of Buckingham's despatch of July 24th, 1868, expressing Her Majesty's pleasure regarding such distinctions. He explained that the reason of the inquiry was that he had noticed that the Lieut.-Governors of all the Provinces, excepting Nova Scotia, both on formal and informal occasions, assumed the title of "Excellency" contrary to the authorized title.

Hon. Mr. Campbell replied that there was no despatch since the one in question, but there was no doubt from the explicit wording of that document that "His Honor" was the only authorized title for Lieut.-Governors.

Canada.

DEFEAT OF THE GOVERNMENT.—OTTAWA, Ont., March 24.—In the Dominion Parliament to-day the Government was defeated. The question arose on a decision of the Speaker with regard to an election petition against an Opposition member. The Government supported the Speaker, but on a division of the House, was beaten by four majorities.

OTTAWA, Canada, March 24.—In the Dominion Parliament to-day the Government was defeated. The question arose on a decision of the Speaker in regard to the election petition against an Opposition member, the Government supported the Speaker, but on a division of the House it was beaten by four majorities.

General Dispatches.—SAN FRANCISCO, March 25. Howes & Co., will take the machinery out of the steamer Vanderbilt and convert her into a sailing vessel. The frame is in good condition, and her owners think she will make out of the best of the season.

FROM THE MODOC COUNTRY.—YREKA, March 25.—J. M. Walbridge arrived here this evening, having left headquarters at three o'clock yesterday afternoon. From him we learn that when General Gillem and Commissioner Thomas had their interview with Bogus Charley on Monday, he promised to come out next day. Just as Mr. Walbridge was leaving yesterday, Bogus Charley, Boston Charley, Mary (Captain Jack's sister), and Willie Girl, came out to Van Bremer's camp, and will have private conference with the Peace Commissioners and General Camby to-day. The troops at the front are all anxious to have a chance at the Modocs, but it is the opinion here that they will not, and that the Modocs will get away before they can be reached.

P. A. Corrie, who was sent from here early in the winter to interview Governor Booth on the Modoc question, came in from the front to-day. He is very decidedly of the opinion that the Modocs will be made until the Modocs are first whipped.

The Lost River camp has been moved to a point near the lava bed, and the whole force will doubtless be moved nearer the lava bed in a few days.

WASHINGTON, March 25.—The new Colnago act goes into operation April 1st. There is no change in the gold coinage, but in silver changes there is to be a new trade dollar. The new piece to be issued is the "five dollar" main coins being five cent and one cent pieces.

So much of the Sunday Civil Expenses act of 1870 as provides that until after the completion of the Reconstruction of the building in San Francisco, it shall be lawful to exchange at any mint or branch mint of the United States refined or imported bullion whenever in the opinion of the Secretary of the Treasury it can be done with advantage to the Government, is repealed.

Jesse Grant, son of the President, will this week leave Washington with Senator Cole's family for the Pacific Coast, where the President and Mrs. Grant will go on Monday.

LONDON, March 20.—The Lord Chancellor of the Exchequer will present the annual budget about the 3rd of April. It will show the revenue to be \$380,000,000, and the expenditure will amount to \$350,000,000.

LONDON, March 30.—At a Republican conference at Sheffield last night, resolutions in favor of a Republican form of Government for England were adopted.

Sanford, Arch-Deacon of Coventry is dead. Arch-Deacon Sanford, whose death is announced in the above despatch, was born in 1805. He received his education at Balliol College, Oxford, and was a member of the Ecclesiastical Code, and a number of other religious works which gained considerable popularity.

MEXICO.—CITY OF MEXICO, March 29.—General Altorre has been appointed Governor of Yucatan.

The remains of an ancient temple, supposed to have been erected centuries before the discovery of Mexico, has been found in the San Jose Mountains. Three stone statues, representing Aztec deities, were dug up in the vicinity of the temple.

The revolution in Guatemala is gaining strength. The Government troops have met with reverses.

The Times this morning editorially commends the Spanish Assembly yesterday in the passing of the bill for the immediate abolition of slavery in Porto Rico, and intimates that a similar policy toward Cuba would be acceptable to the United States.

The "free" press at length is the protracted struggle on the island of Cuba, and this attitude of the United States toward that island, which is anticipated will eventually lead to a disruption and war between Spain and America.

In the House of Commons to-day Mr. Gladstone, in reply to the enquiry of Mr. Vernon Harcourt, stated that the Government did not intend at present, or with reference to the future of the present year, to propose a vote of supply for the sum awarded at Geneva, as the financial year would end on the 31st of the present month.

Mr. Goschen, the present Lord of the Admiralty, submitted to the House of Commons to-night naval estimates for the ensuing fiscal year. They exceed those of last year by £170,000.

LAST NIGHT'S DESPATCHES.

EUROPE.

LONDON, April 1.—The Times, in a recent city article stated speculation in sterling exchange was going on in New York on a gigantic scale, and estimated that loans to the amount of \$12,000,000 existed. Subsequently a telegram from New York showed that the Times' estimate was exaggerated, and stated that bankers there were of opinion that loans were considerably inside \$5,000,000. The Times to-day alludes to the contradiction and explains that the statement in its article was based only on quotations in New York papers and in circulars of American bankers.

ROME, March 31.—A party of Catholic youths, one a native of England, while leaving the church yesterday, were attacked by some men who were lying in wait for them, and severely beaten. Guns d'armes interfered and the assailants fled; two or three boys were wounded.
